Northern Nevada APA MVP Program

The top 3 players in each division from each skill level tier (3 tiers total, so 9 players per division), who played a minimum of 6 matches in the regular session (Playoffs excluded), are considered “MVP-Tournament-Qualified.” This means that those players receive an invitation to compete in the prestigious MVP Tournament. This tournament is held each session—usually within 1-2 months following the completion of the session. #

Number of Points Earned *divided by* Number of Points Available = PA (Points Available) percentage. #

8-Ball Example: In an individual 8-Ball match, a player has 3 points available to win. If he/she played 10 matches, that person had 30 points available to win. If he/she won a total of 13 points, then his/her PA is 43%.

10 matches = 30 points available

13 points: $13/30 = 0.43 = 43\%$

9-Ball Example: In an individual 9-Ball match, a player has 20 points available to win. If he/she played 10 matches, that person had 200 points available to win. If he/she won a total of 162 points, then his/her PA is 81%.

10 matches = 200 points available

162 points: $162/200 = 0.81 = 81\%$

→ Ties will be broken in the following order using regular session play data: (1) total # of matches played; (2) win percentage; (3) performance points; (4) lifetime win percentage. ←

All players who qualify for the MVP Tournament will receive a patch, a certificate, and a letter of invitation for the MVP Tournament. Make sure your mailing address is up-to-date with the League Office to ensure you don't miss out on this important information. Questions? Contact the League Office at 775-443-8844.
