

*Let's
Celebrate*

**You must have been on an active APA team this past session
in order to participate today.**

1. Get a card & and go to that assigned pool table with your card in hand.
2. Play one rack of 9-Ball against the player who was assigned that same card.
3. A's play before B's. B's play before C's, and so on. When you're playing, put your card 'face-up' somewhere on a rail on the pool table, so that others watching know what card is "in progress."
4. If you have an asterisk (*) on your card, you get to break (that is, no lagging).
5. This is regular APA 9-Ball rules, but making the 9 is a win (no ball counting).
6. Once finished, bring your card back to us. If you won the rack, you get 2 raffle tickets. If you lost the rack, you get 1 ticket.
7. Write your FIRST AND LAST name on your ticket(s). Put the ticket(s) in the bucket.
8. Get another card & continue with the same process. Play fast. Have fun. Earn as many raffle tickets as you can in the time allotted.
9. Raffle prizes include 15 (fifteen) \$100 cash prizes, cue sticks, and more. *Must be present to win.*
10. You are only eligible to win cash once. If we draw your name twice for cash, it doesn't count. However, you are eligible to win cash coupled with other prizes (like cue sticks, etc.) if you happen to be drawn more than once.
