

Reno vs Carson Scotch Triples Participation List

Sunday, March 10th at 9:30am

Sign in at 9:30am

\$10 entry fee per person.

Scotch triples (alternate shot between 3 players). Max combined SL of 15.

Only one SL6 or above per team is allowed. Each player must have at least 10 matches played in APA.

We will use your highest skill level in the past 20 matches. We use 8-Ball SL if you have one; otherwise, we use 9-Ball of course.

If you have less than 10 scores in 8-Ball, we may also use 9 Ball scores for a more accurate rating.

If you haven't played 8-Ball in several sessions, but have been playing 9 Ball, we may also use your 9 Ball skill level for accuracy.

Just because we allow you to sign up does NOT mean you will be allowed to play together; check your skill levels!

What are reserved spots?
If a person or persons on a team move up in skill level in such a way that keeps the team from meeting the max SL limit of 15, those players are permitted to pick a new partner to make their team work. These reserved spots allow us to ensure all players have a spot if that should happen. If we don't use these reserved spots, teams from the waiting list are pulled up. These reserved spots are also used in the rare event that the League Office makes a mistake in registering a team.
