

# Required Safety Precautions

1. Face coverings (masks) are required at all times—unless you are seated while actively eating or drinking. Masks must be worn properly covering your face and nose. No exceptions.
2. No handshakes or hugs PLEASE.
3. Only one person at the tournament board at a time. Use the stickers on ground to serve as a guide for social distancing while you wait in line for your turn at the tournament board.
4. Please wash your hands before and after your match. We have hand-sanitizer at the tournament table, and there are hand-sanitizing stations located throughout the Coconut Bowl.
6. If you're not feeling well, please stay home.
7. Flip instead of lag.
8. Bring your own equipment (cue stick, chalk). We will have chalk available for 50 cents.
9. Respect each other's personal space. Following the guidelines of 6 feet distance minimum between people is easy in pool. There's no reason to ever be closer than 6 feet to your opponent.
